

SPRING 2024

I have few passions, other than the pleasure of cooking. One of these is cinema. My favorite movie is “E’ stata la Mano di Dio” directed by my favorite director Paolo Sorrentino. Cinema is art, the ability to express oneself, not always and necessarily in one's own capacity. It is a game that gives us the opportunity, even if for a limited period of time, to immerse ourselves in a life that is not ours. The kitchen is my stage, and this wonderful room with this enchanting terrace, my scenography. At the center of the scene are the fishermen, breeders and farmers, thanks to whom we can ensure the undisputed protagonists of excellent quality raw materials. Our menu is a choice: that of a journey, of wanting to sit at the table to satisfy the palate, but also the heart and the soul. Our wish is that, at the end of this evening, you too will have a story to tell.”
